Personal Statement

About me: I was elected to West Hallam Parish Council at 22 and have lived and grown up in the area having gone to school and college locally. I have recently finished a history degree at Loughborough University and have spent the past 2 years as a Councillor on Derbyshire County Council which has given me a good understanding of local issues and a drive to change things for the better.

I am always available to take the time to listen to people's concerns and always do my best to resolve any problems they might have. I am passionate about preserving the character of the village, supporting local community groups and ensuring that younger people can have their voice heard on the Parish Council.
